Copyright Notice – RealSec Labs

Last updated: 10-06-2025

1. Scope of Copyright

This Copyright Notice applies to all content published or distributed under the RealSec Labs name, including the main domain and all affiliated subdomains, tools, and digital services.

This includes, but is not limited to:

- realseclabs.com
- blog.realseclabs.com
- collab.realseclabs.com
- trustnix.realseclabs.com
- tools.realseclabs.com
- phinix.realseclabs.com
- *.realseclabs.com
- phishmail.realseclabs.com

All original content, media, and software published across these platforms is protected under applicable copyright laws.

1. Ownership

All content, tools, blogs, logos, and media found on this website (realseclabs.com) and its sub-entities are the intellectual property of RealSec Labs unless stated otherwise.

1.1 Brand Identity & Visual Design

The visual identity of RealSec Labs — including but not limited to:

- The **RealSec Labs logo** (symbol and text)
  - Using the RealSec Labs logo you can only refer to following logos listed/available for fair use under realseclabs.com/assets.
  - You can only use one of following logos
    [https://realseclabs.com/assets/images/RealSecLabs-Logo.png]
    [https://realseclabs.com/assets/images/RealSecLabs-Logo-nobg.png]
    [https://realseclabs.com/assets/images/RealSecLabs-Logo-nbg.png]

- The **color scheme**

Element	Color	Hex Code	Notes
Primary Accent	Orange	#ff7c22	Used in logos, highlights, buttons
Background (Primary)	Dark Grey/Black	#121212 (approx)	Used for overall page background
Text Color (Primary)	White	#ffffff	Clean, legible on dark background
Secondary Text (Muted)	Light Grey	#b0b0b0–#cccccc	Used for descriptions/labels

- The **presentation and placement** of the brand name "RealSec Labs" across pages, tools, and subdomains.

Positioning:

- o Top-left or **top-center** in most headers.
- o Emphasized clearly as a standalone identity across pages and tools.

Font Style:

- o **Sans-serif**, likely bold (or semibold).
- o Clean, modern, possibly using fonts like **Poppins**, **Inter**, or **Montserrat**.

Color Usage:

- o Often white on dark backgrounds, or orange (#ff7c22) for highlights.

Case:

- o Typically **Title Case**: RealSec Labs

Spacing:

- o Moderate letter spacing, possibly slightly tracked out for clarity.

- The **typographic styling**, button design, and UI patterns used in RealSec Labs platforms

Typography

- **Primary Font**: Sans-serif (most likely Poppins or Inter)
- **Font Weight**: Regular to Bold

Usage:

- Headlines: Bold white
- Subtext: Light grey, regular weight
- Monospaced font likely used in tools/console views
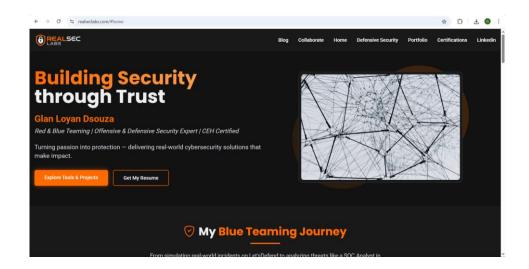

Buttons

Style:

- Rounded rectangles
- Bold white or orange text on black/grey background

Hover/Action States:

- Likely color inversion or glow (orange highlights)

UI Patterns

- **Consistent layout grid**
- **Dark-themed interface**
- **High-contrast CTAs (Call-To-Actions)** using the orange color
- **Minimalist design**, no unnecessary visual clutter

— are all protected under copyright and design rights. These elements form part of the overall brand identity and may not be copied, altered, or reused without prior written consent.

Use of these design elements — in any format, including social media posts, websites, or printed materials — is strictly prohibited unless expressly authorized.

2. Use of Content

No part of this site or its content may be reproduced, distributed, or used in any form without express written permission from RealSec Labs.The tools explicitly mentioned/released under open source (realseclabs.com/#open-source-projects) can be used and their source code can be used for educational purposes and of which cannot be used for any forms of commercial(without respective owner permissions) or illegal/unethical purposes.The Tools released/mentioned under "tools.realseclabs.com" can be used effectively but limiting to ethical use and none should be used for any forms of unethical/illegal use and of which no responsibility or legal consequences will be of RealSec Labs (realseclabs.com).

3. Open Source Exceptions

Some tools or scripts may be released under specific open-source (realseclabs.com/#open-source-projects, tools.realseclabs.com), which will be clearly mentioned in their respective repositories. These licenses permit use under their own terms.

4. Attribution

You may share our content (e.g., blogs) non-commercially, with proper credit and a link back to the original source.

5. DMCA & Takedown Requests
